OKLAHOMA STATE BOARD OF
MEDICAL LICENSURE
AND SUPERVISION

On July 9, 2015, the OT Advisory Committee approved my application to supervise five treating therapists in addition to another COTA for coverage in rural school settings, totaling six therapists. These therapists total approximately 80 hours per week, although I was approved to supervise them for up to 128 hours. I was scheduled to reappear before the board on July 7, 2016 but because of a family vacation, I requested to appear on April 7, 2016.

Attached is my documentation of supervisory contact with the COTAs through February 28, 2016, at which time I mailed the packet of current information to the Medical Licensure Board.

Listed below are the therapists for whom I am the primary supervisor for the School Year 2015-2016:

COTA 1 - Taylor Heckart – works between 28 and 35 hours per week

COTA 2 - Kelly Butner –works 14 hours per week

COTA 3 - Lara Hensley – works 12 hours per week

COTA 4 - Tricia Harzell – works 7 hours per week

COTA 5 - Tracy Witaker – works 12 hours per week

COTA 6 - COVERAGE COTA - Shambra Pettijohn – coverage only

Points of consideration:

1. In addition to my supervisory contact, an OTR/L is employed by my company and is listed as secondary supervisor on each of the therapists' forms. She has direct contact, email contact, phone calls, and texting for treatment suggestions, evaluations, and to answer questions.
2. Although I was approved to supervise up to 128 hours, notice that the work total is only 73 to 80 hours per week. This is equivalent to supervising two full time COTAs.

Requests for the future:

1. I request that I may continue to supervise six therapists for up to 128 hours per week. I request for this application to be approved without yearly appearance before the board, but will gladly do so if is the OT Board's preference.
2. In addition, I request that I may use my sixth therapist, my coverage therapist, to work on a consistent or even weekly basis as long as I do not exceed 128 hours per week with six treating COTAs. My company has two therapists that are expecting and each will be on maternity leave this fall.
3. Although I will likely (and hopefully) have the same therapists as listed above, change is constant. I would prefer to not name COTAs in the plan so that I am free to hire and adjust as needed without seeking approval by the board if circumstances change (maternity leave, increasing hours, decreasing hours, therapists' moving, etc...).

Thank you,

Julie Moore, OTR/L
