*Mr. Coody joined the meeting.

Minutes from the April 10, 2008 Committee meeting were reviewed. Dr. McNeill moved to approve the minutes as presented. Dr. Wootan seconded the motion and the vote was unanimous in the affirmative.

Amendments to **OAC 435:15-3-15 Approval to supervise more than two PAs to**

allow the Medical Director or supervising physician of other government facilities to supervise more than two PAs were discussed. Ms. Podolec reported that her research into the meaning of "State Institution" led her to believe that it meant only a state reformatory, educational institution or penal institution. She stated it would take a rule change to expand the exception to other facilities. She cautioned the Committee on adopting rules that were too broad, allowing just anyone to ask for special dispensation. Dr. McNeill said it had been a very infrequent request. He felt the Committee did not need to spend a lot of time on the issue. Dr. Wootan expressed concern about commercialization by one physician hiring several PA. He felt there were adequate supervising physicians in hospital, even small hospitals. He did not feel there was a real need for the rule change. After further discussion, the Committee decided to take no action to change the rules.

The next item on the agenda was a discussion of a policy relating to training and experience requirements needed to waive direct supervision during conscious sedation and amendments to OAC 435:15-9-4(f) adding language allowing the Board to permit general supervision during conscious sedation under certain circumstances. The discussion had been tabled at the January 2008 meeting. The Committee, after discussion, decided to table the issue indefinitely.

Staff advised that there was no progress to report on Physician Assistant on-line renewals. Information will be presented at the October 2, 2008 meeting. Dr. McNeill asked about new jurisprudence questions. Ms. Hall advised him that the questions would be needed before February 1, 2009.

Dr. McNeill reported on House Concurrent Resolution 1093 to disapprove the Board's rule **435:15-11-1. Prescriptive and dispensing authority [AMENDED]**. The proposed rule changes would have clarified that no refills are allowed on prescriptions for controlled dangerous substances. The bill was filed the day before the end of Legislative session. By the time Board staff found out about the resolution, it had passed the House and was in the Senate. Staff along with Dr. McNeill persuaded the Senate to refer the rule back to the House Rules Committee where an explanation of the amendments could be made next session.

Mr. Coody reported that Advanced Practice Nurses had their law changed so that they could now write prescriptions for up to 30 days, matching PAs and making it simpler for pharmacists. The change would go into effect July 1, 2008.

There being no further business, the meeting was adjourned. The time was 3:25 p.m.
