Verification Statement Guidelines

Purpose

Verification of completion of dietetics programs is the method used by the Accreditation Council for Education in Nutrition and Dietetics (ACEND[®]) to ensure that:

- academic and supervised practice (or experiential learning) requirements for membership in the Academy of Nutrition and Dietetics have been met; or
- Commission on Dietetic Registration (CDR) eligibility for the registration examinations for dietitians or dietetic technicians have been met.

At various times in preparing for professional membership or registration, a graduate will be asked to supply verification of both academic and supervised practice (or experiential learning) qualifications. Therefore, it is the responsibility of the program director of the ACEND accredited program to provide the appropriate number of Verification Statements and the responsibility of the graduate to safeguard them until the time they are to be used in various application processes.

Who Completes

This form is to be completed and supplied by the appropriate program director. The signature must be that of the program director on record with ACEND when the form is signed. The form must be signed on or following the date of program completion. Statements that are pre-dated or pre-issued are invalid. Program completion date and signature date must include month, day and year. Statements must be signed in a color ink other than black to distinguish the original from a photocopy. As program director, you may wish to affix your institutional seal on this form.
