The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly in-dictates otherwise:

"Consultation" means periodic meetings to review and to provide recommendations and resource information regarding methods of implementation of the occupational therapy programs.

"Direct supervision" means personal supervision and specific delineation of tasks and responsibilities by an Oklahoma licensed occupational therapist and shall include the responsibility for personally reviewing and interpreting the results of any habilitative or rehabilitative procedures conducted by the supervisee. It is the responsibility of the Oklahoma licensed occupational therapist to be onsite during treatment to ensure that the supervisee does not perform duties for which he is not trained.

"General supervision" means responsible supervision and control, with the Oklahoma licensed occupational therapist providing both initial direction in developing a plan of treatment and periodic inspection of the actual implementation of the plan. Such plan of treatment shall not be altered by the supervised individual without prior consultation with and approval of the supervising occupational therapist. The supervising occupational therapist need not always be physically present or on the premises when the assistant is performing services; however, except in cases of emergency, supervision shall require the availability of the supervising occupational therapist for consultation with and direction of the supervised individual.
